# PUPPY I, II, & III

Our puppy classes are taught with positive motivation techniques using food, verbal, and physical praise. Puppy classes build a foundation of good communication between the puppy and their human family. There are four phases to dog training—teaching, training, proofing, and trialing. Puppy I is the teaching phase, Puppy II begins the training phase, and Puppy III continues the training phase and begins the proofing phase. Each session is six weeks long, or you can purchase the “Puppy Package” which consists of all three classes!
